Technical Skills

Languages: Java, SQL,HTML5,Basics of python

Developer Tools:VS Code, MySQL

Soft Skills

Teamwork and Collaboration

Time Management

Adaptability and Willingness to Learn

Projects

Medical Center Management System — Java, JSP, MySQL, Apache Tomcat **Oct 2025**

- Developed a web-based system to automate medical center operations, replacing manual paper-based workflows.
- Enabled doctors to manage patient diagnosis, prescriptions, medication instructions, diet advice, and test recommendations.
- Integrated MySQL database to securely store patient records, prescriptions, medicine inventory, and billing reports.
- Provided patients with online access to prescriptions and medical records through internet and intranet systems.

Student Achievement Database System — HTML, CSS, PHP, SQL **March 2024**

- Developed a Student Achievement Database System to track and manage student accomplishments and awards using MySQL database.
- Designed and implemented a relational database schema using SQL to store student information, achievements, and awards.
- Implemented CRUD operations and validation logic to ensure accurate data entry, updates, and reliable record retrieval.

Certificates

Java Programming Certification, Udemy 2024

SQL Certification, Coursera 2024
